

Stick Weld MMA 400D

Our MMA 400D is our own R&D MMA stick welding machine that has been upgraded. It comes with compact design which weight only 15.5kg for the ease of carrying. It provides also auto-protection while input phase lacking. Most suitable for metal workshops, construction industry, repair and maintenance.

ADVANTAGES

- ✓ Compact Design
- ✓ Auto-protection
- ✓ Unique Air Duct Design
- ✓ Manufacturing under (CE) Certificate

BASIC UNIT INCLUDE

- ✓ Earth Clamp c/w cable
- ✓ Dinse Plug 50-70 (2pcs)
- ✓ Owner Instruction Book

PARAMETERS

Input power voltage (V)	AC415V±15% 3PH
Rated input power capacity(KVA)	18.2
Input voltage frequency (HZ)	50/60
Rated input current (A)	27.6
No-load voltage (V)	67
Output current range (A)	30-400
Rated output voltage (V)	36
Duty cycle (%)	60
Insulation class	B
Protection class	IP21
Electrode Size (mm)	2.5-5.0
Weight (KG)	15.5
Dimension (mm)	450×220×343
