

MODEL : CUT100 Dynaweld 100AMP Inverter Air Plasma Cutting Machine

ADVANTAGES

- ✓ Compact design
- ✓ Microprocessor control
- ✓ Unique air duct design
- ✓ Can be repaired in 10 minutes
- ✓ Manufacturing under (CE) Certificate
- ✓ 1 year warranty

Standard Accessory

- P80 air plasma torch
- 300amp welding earth clamp with 3 meter welding cable and 35-50mm dinse plug
- Air filter regulator

Model	CUT100
Input Power Voltage (V)	AC415V±15%, 3P
Input Voltage Frequency (Hz)	50/60
Rated Input Power Capacity (KVA)	14.7
No-load Voltage (V)	285
Output Current Range (A)	5-100
Pre-flow (S)	0.1-5
Post-gas (S)	0-30
Motor generator requirements for full arc stretch at full output (KW)	30
Duty Cycle (%)	60
Severance capacity (mm)	42
Recommended cut capacity (mm)	30
Weight (KG)	35
Dimension (mm)	622X280X480
